

# DEAL

## Duke Economic Analytics Laboratory

The DEAL links undergraduates seeking research experience with faculty-lead research projects that are at the frontier of economics

- **Who can apply:**
  - All undergraduates, regardless of year or major
  - Econometrics/quantitative analysis skills are helpful but not required
  - Applications are viewed on a rolling basis
- **What you'll do:**
  - Collect and analyze data
  - Contribute to economics papers
  - Conduct literature reviews
  - Develop critical thinking and analytical research skills
- **Project topics include:**
  - Monetary policy and macroeconomic indicators
  - Mass shootings and gun policy
  - Racial bias in media coverage
  - Gender issues in the labor market
- **Events include:**
  - Faculty research and honors thesis presentations
  - DEAL-wide social events
  - Statistical software tutorials
